For all Telephone bets, the time at which the bet was recorded on our Recording equipment will govern settlement.

All prices are subject to fluctuation and are available up to the official off time of the event concerned. Where the official 'off' is not announced, bets are accepted up to the advertised start time. Any bet that is accepted after the advertised or official start time - other than bets on In-Running markets - will be void.

Except where advertised, multiple bets are not accepted where the outcome of one part of the bet contributes to the outcome of the other. This is known as a Related Contingency, and if taken in error the stakes will be equally divided where the related contingencies clash. Multiple bets that contain the same selection in different events are also not accepted where the outcome of one affects or is affected by the other. In the case of a multiple including selections with related outcomes we reserve the right to Void part of or the whole of the bet.

In the event of a dead heat for first place the stake money on a winning selection is divided by the number of winners in the dead heat and the full odds paid to the reduced stake with the remainder of the stake money being lost. A similar rule applies to place betting where, as the result of a dead heat, more than the required number of selections is placed.

Horse Racing

Maximum Payouts

The following are the limits that can be won by a single client or syndicate in respect of any one day's business.

Where all the selections are covered by a Full SIS Service (i.e. Shows, Offs and Results):

1. Horse Racing in the UK and Ireland £100,000
2. Horse Racing in all other countries £25,000

Where any of the selections is in a race not covered by a Full SIS Service (i.e. Shows, Offs and Results):

2. Horse Racing outside the above £10,000

Each Way Betting

Each Way betting at Starting Prices and Board Prices will be calculated as follows: -

🏇 Handicaps - 16 or more runners One Quarter the Odds - First Four places.

🏇 Handicaps - 12 to 15 runners One Quarter the Odds - First Three places.

All Other Races

🏇 Races of 8 runners or more - One Fifth the Odds - First Three places.

🏇 Races of 5, 6 or 7 runners - One Quarter the Odds - First Two places.

🏇 Less than 5 runners - the place money is invested to Win.

In all races the number of runners shall be the number of runners coming under Starters Orders.

Place only bets are not accepted. The only exception to this will be if "Special Place Only Betting" is offered on certain events.

Bets will not be accepted where the Place Stake exceeds the Win Stake.

Each Way Doubles, Trebles and Accumulators will be settled "Win to Win" and "Place to Place" in accordance with the place terms above.

Each Way Single Stakes About bets, the Win part will be settled in its entirety before the Place part is considered.

Each Way All Each Way or Equally Divided bets are accepted but the instruction must be clearly indicated.

Settlement will be carried out in time order.

Restarted Races - In the event of a restarted race, the original betting market prior to the false start will govern the settling, unless a new market is formed. Any horses disqualified from restarting will be deemed losers. In the event of any horse or horses being withdrawn before the restart of the race, Tattersall's Rule 4 (c)

will apply to the original betting market. The number of runners taking part in the re-run will determine place terms.

Postponed Races - If a race is postponed to another day, with the exception of Ante Post bets, all selections will be made Void. If races are set back in time because of weather conditions or outside events the settling of bets will be governed by the original advertised times.

Walkovers and Void Horse Races - Walkovers and Void Races count as races but any horse so involved will be treated as a Non-Runner for settling purposes.

Objections and Disqualifications - Objections, disqualifications and amended results subsequent to the "Weighed In" announcement will be disregarded.

Withdrawals other than Ante-Post - Where a horse or horses are withdrawn before coming under Starters Orders, or is officially deemed by the Starter to have taken no part in the race, Stakes will be returned on the withdrawn horse, or horses, and winning bets will be subject to deductions in accordance with Tattersall's

Rule4(c), last revised in January 2011.

The rate of deduction will be based on the following scale.

1/9 or shorter 90p

2/11 to 2/17 85p

1/4 to 1/5 80p

3/10 to 2/7 75p

2/5 to 1/3 70p

8/15 to 4/9 65p

8/13 to 4/7 60p

4/5 to 4/6 55p

20/21 to 5/6 50p

Evens to 6/5 45p

5/4 to 6/4 40p

8/5 to 7/4 35p

9/5 to 9/4 30p

12/5 to 3/1 25p

16/5 to 4/1 20p

9/2 to 11/2 15p

6/1 to 9/1 10p

10/1 to 14/1 05p

If over 14/1 No Deduction is made.

In the case of two or more horses being withdrawn before coming under starters orders, the total deduction will not exceed 90p in the £.

Should a horse be withdrawn and a new market formed, then any bets laid at "Show" prices prior to the new show will be subject to the above deductions. In the event of a further withdrawal after the market has been reformed, bets placed at "Show" prices in the original market will be subject to a further deduction based on the price of the withdrawn horse in the original market. Bets placed in the new market will be subject to a deduction based on the current price of the withdrawn horse.

The above scale will also apply in the case of Non-Runners in Early Price Races and will be used for other events where we specifically advertise that deductions in line with Tattersall's Rule 4(c) will apply.

Double Engagements - Where a selection is doubly engaged and the client requests a specific race time, it will be considered a bet for that race only. If the selection runs in the other race it will be deemed a Non-Runner.

Forecasts - Forecasts are available in races of three or more runners, any inadvertently accepted in races with only two runners will be settled as a Win single on the selection nominated to finish first. Forecasts, forecast doubles and forecast trebles will be settled according to the Computer Straight Forecast and by reference to the NSL Straight Forecast Chart should no CSF be declared.

A forecast that includes a non-runner will become a Win Single on the remaining selection.

Should there be no official SP returns for a race all Forecasts on that event will be Void.

In the event of two or more horses Dead-Heating for first or second place, separate dividends will be declared

and paid for each of the qualifying forecasts.

Tricasts - Tricasts, selecting the 1st, 2nd and 3rd in correct order are offered on Handicaps of eight or more declared runners (and occasionally other races as advertised) on the proviso that at least 6 run.

A Tricast containing a non-runner will be settled as a Straight Forecast on the remaining selections in the order written and in the case of two non-runners, will be settled as a win single on the remaining selection.

In the event of no Tricast being declared selections for 1st and 2nd place will be settled as Computer Straight Forecasts in the order written with the third selection disregarded. Tricasts are accepted for singles only. In the event of two or more horses Dead Heating for 1st, 2nd or 3rd place, separate dividends will be declared and paid to each qualifying Tricast.

Favourites - Wagers will be accepted Win only at Starting Price for 1st and 2nd Favourites. In the event of two selections starting Joint Favourites, they are taken as Joint 1st and 2nd Favourites and stakes for either 1st or 2nd Favourite are divided equally. Where three or more selections start Co-Favourites stakes will be divided proportionally.

Should the Favourite or Second Favourite be withdrawn before coming under Starters Orders but too late to form a new market, bets on the Favourite or 2nd Favourite in that particular race are Void. The only exception to this will be as regards Placepots (Please see Tote Section)

Non UK and Irish Racing

Bets are accepted for races abroad so long as they are Televised Live or the racecard is published in the Racing Post. In races where an Industry SP is available, all bets will be settled at these prices unless an Early Price or Pari-Mutuel (Tote) is requested. The Industry SP is returned by an Independent SP reporter from odds supplied to SIS by the major bookmakers. Industry SP's are not subject to any coupling. In the instances where no Industry SP is made available, bets will be settled at Pari-Mutuel (Tote) returns. In Pari-Mutuel (Tote) pools from abroad horses can be coupled, usually when they have the same owner. Generally they are coupled in Win pools only but in some countries they can be coupled in all pools. The place part of each way bets will be settled in accordance to the returned place dividends.

Bets may also be accepted at Show Prices when SIS provides a betting guide. Where horses are coupled the Show Price will cover all the coupled horses.

In the case of US racing, the place part of Each Way bets at Pari-Mutuel (Tote) will be settled by reference to the "Show" Dividend. In races with only Win and Place pools in operation the Place dividend applies for Each Way bets.

Place Only bets are not accepted.

Unnamed Favourites are not accepted in races abroad, unless an official SP is returned.

Forecasts are accepted, settlement being dependent on the type of forecast in operation. Bets are accepted abroad in accordance with our General Rules and any additional rules applicable to the Country concerned.

Tote Betting

General - Tote Bets: We accept Exacta, Trifecta, Quadpots, Placepots, Jackpots and Scoop 6 through our Call Centre.

Bet Central cannot be held liable for failure of any equipment (wherever physically sited) which prevents the placing of bets into the Tote pools via Tote Direct. Bet Central will however honour Tote bets that are unable to be transmitted into Tote Pools up to a Maximum payout to any one client in any one-day's business irrespective of the total stake of £10,000.

Bet Central reserve the right to not accept Tote Bets that are requested within 5 minutes of the scheduled first race time.

Tote Placepots

Tote Placepots are accepted at all UK horse race meetings (not Irish meetings) where a tote pool operates. To win the placepot Clients must select a placed horse in each of the first six races at the nominated meeting. The Placepot will not include Arab or Charity races that may at times begin a

meeting. Selections in races of four or less runners must win. Selections in races of five, six or seven runners must occupy 1st or 2nd place. In races of eight or more runners, 1st, 2nd, or 3rd places and in handicaps of 16 or more runners and any race nominated by the Tote, 1st, 2nd, 3rd and 4th places. Clients can nominate an unnamed favourite in a placepot by stating 'fav'. Where joint favourites are returned, the one with the lowest race card number will become the selection.

Should the favourite be withdrawn before coming under orders, the next shortest price runner will become the selection, unless there is more than one, in which case the one with the lowest race card number will become the selection. In the event of no tote dividend being declared, the bet will be settled as a SP place accumulator.

In the event of a non-runner it will be replaced by the favourite. Placepot dividends are currently declared to a £1 unit stake.

Day of Race/Early Prices

Prices are on offer daily, subject to fluctuation, up to Thirty Minutes before the first show of course betting broadcast by S.I.S. Bets on Horse Racing laid at prices following the Overnight Declaration stage, or on the day of the race, are subject to Starting Price Rules with the additional stipulation that in the event of a withdrawal, a deduction in line with Tattersall's Rule 4 (c) based on the current price of the withdrawn horse(s) will apply.

Withdrawn horses count as normal Non-Runners. For place purposes, the number of placed runners, as determined by our place betting rules, will be governed by the number of runners coming under starter's orders and not by the number of runners, when the price was laid.

Board Prices

Board Prices are laid in any race with three or more runners. Should a horse or greyhound be withdrawn no Board Prices will be laid after the time of withdrawal unless the "market" is reformed. Should there be an error subsequently corrected by S.I.S. the bet will stand at the corrected price or S.P, whichever the greater. For place purposes, the number of placed runners, as determined by our place betting rules, will be governed by the number of runners coming under starter's orders and not by the number of runners, when the price was laid.

Ante-Post - Ante-Post prices are those offered on:

1. A Horserace prior to 10:30a.m. on the day of the Overnight Declaration Stage.

Bets placed at all other times are settled in accordance with Our Day of Race Rules.

2. A Greyhound Race prior to the completion of the Semi-Finals of a Competition.

3. Sporting Events as advertised.

Ante Post bets are accepted on the basis of all in enter or not, run or not i.e. stakes are lost if the selection does not take part, if there was a possibility of it winning at the time the bet was laid.

If a race is postponed to another day and overnight declarations stand, then Ante Post bets stand. However, Single Ante Post bets on horse racing will be made void and any selection involved in accumulative bets will be treated as a non-runner if:

1. The race is abandoned.

2. The race is officially declared void.

3. The conditions of the race are altered after bets are made (as defined under Tattersall's Rules).
4. A horse is balloted out under Jockey Club Rules of Racing.
5. The venue is altered.
6. The running surface is altered (e.g. Turf to Dirt / All Weather or vice versa).
7. Where we offered specific place terms such as "with a run" at the time a wager was placed and the

Horse or Greyhound is subsequently withdrawn Ante-post bets are settled at the Price and Place terms applicable at the time of acceptance. Reduced odds may apply in accumulative bets if the same selection is taken to win more than one event. Place only bets, conditional bets and forecast betting are not accepted at Ante-Post odds.

First Past The Post

First past the post can be requested on all horse racing in the UK and Ireland and applies to win single and multiple bets and the win part of each way bets, with no restrictions on stake.

The exceptions are as follows.

1. The bet is Ante-Post
2. A forecast or tricast bet
3. A void race
4. A selection taking the wrong course
5. A selection given as the winner in error by the judge
6. A selection carrying the wrong weight, or the jockey failing to weigh in
7. A tote pool or pari-mutuel
8. A bet placed on the favourite points market or a distance bet
9. A bet placed on a two runner race or a special match bet
10. A bet placed in a 'without the favourite' market

Horse Racing Specials

Fixed Odds Distance Betting

A Fixed Odds bet is available on selected Horse Racing meetings based on predicting the correct total of the

Winning Distances for all the races at that meeting, unless stated differently i.e. excluding a Charity or Arab

Race.

The following list represents the numeric unit that is used in the calculation for distances.

 Nose = 0.05 Length

🏇 Short Head = 0.1 Length

🏇 Neck = 0.3 Length

🏇 Half Length = 0.5 Length

🏇 One Length = 1.0 Length etc

The Maximum distance for a single race is 12 Lengths for Flat Racing and 30 Lengths for National Hunt. In the event of a Walkover, 2 Lengths will be awarded for a Flat Race and 6 Lengths will be awarded for a National Hunt. If any races are abandoned then all bets will be Void unless further races could not affect the result.

Calculations are based on the Official Distance as given by the Racecourse Judge.

Fixed Odds Favourites Betting

A Fixed Odds bet is available on selected Horse Racing meetings based on a points system for the Finishing Positions of the Favourites for all the races at that meeting, unless stated differently i.e. excluding a Charity or Arab Race, totalled together.

The following is a list of the Number of Points awarded for the relevant placing of Favourites, regardless of the number of runners.

In the event of a Walkover 10 Points will be awarded for that race. If any races are abandoned then all bets will be Void unless further races could not affect the result.

MEETING CHALLENGE

1. A winning joint or co-favourite counts as a winning favourite.
2. A withdrawn favourite counts as a losing favourite where no new market is formed.
3. If fewer than 3 races are completed at either meeting, all bets will be void.
4. Void races do not affect the result of a meeting challenge, unless Rule 3 applies.
5. A favourite which dead heats for first place counts as a winning favourite.
6. In the event of no starting price being returned the horse/greyhound with the lowest price in the Racing

Post betting forecast will count as favourite, in conjunction with Rule 1.

7. Walkovers will be ignored for challenge purposes.

8. For greyhounds, where a BAGS/BEGS is offered it will be the results from this coverage only that will count for settlement purposes.

JOCKEY CHALLENGE

When we offer the opportunity to bet on which jockey will ride the most winners at a meeting, the following rules will apply: -

1. The result of a jockey challenge is determined by a jockey's actual taken rides.
2. If either jockey in a jockey challenge does not ride in at least 1 race, all bets will be void.
3. Void or abandoned races do not alter the result of a jockey challenge, unless Rule 2 applies.
4. A jockey's mount which dead heats for 1st place counts as a complete winner for challenge purposes.
5. A jockey's mount that walks over counts as a winning ride.
6. Singles only.

Greyhound Racing

Maximum Payouts

The following are the limits that can be won by a single client or syndicate in respect of any one day's business.

1. Where all the selections are covered by a Full SIS Service (i.e. Shows, Offs and Results) £50,000
2. Where any of the selections is in a race covered by a Live TV broadcast (i.e. SKY TV) £25,000
3. Where any of the selections is in a race not covered by a Full SIS Service £10,000

All our general rules apply to both Horse and Greyhound racing equally, except where they are superseded by the following rules, which are especially applicable to Greyhound racing.

Bets are accepted for all meetings taking place at NGRC tracks, provided that the programme and results are published in the Racing Post.

Early Prices are offered on Finals of competitions, after the completion of the Semi-final stage, and other featured events. Bets placed prior to the completion of the Semi-finals of a competition are covered by the Antepost Rules. All Early Prices offered on Greyhound Racing are Non Runner-No Bet and in the event of any Non Runners all bets placed at Early Prices will revert to Starting Price.

Bets are accepted as win or each way for named selections or trap numbers at Starting Price, Early Price or Board Price and on un-named first favourites as win only at Starting Price. In the event of no Starting Price being returned bets will be Void. We reserve the right to declare Void any bets where we consider there to be reasonable suspicion or evidence of unfair price manipulation.

Place Terms for Each Way Betting:

■ In races of 5-7 runners we pay 1/4 odds 1st and 2nd

■ In races of 8 runners we pay 1/5 odds 1st 2nd and 3rd

■ In races with less than 5 runners, place money goes all on to win.

Place only bets are not accepted

We do not accept bets on Greyhound Racing at Tote Odds.

Where a reserve runs in a race, bets accepted for trap numbers will stand unless "reserves not to count" is stipulated.

Where a race is re-run all bets stand, however where a Board Price has been taken, settlement will be at Starting Price. Should a race be declared Void and not re-run, all selections will be treated as non-runners.

Forecasts, forecast doubles and forecast trebles will be settled according to the Computer Straight Forecast at BAGS/BEGS meetings and by reference to the NSL Straight Forecast chart at other meetings. A forecast that includes a non-runner will become a Win Single on the remaining selection.

Tricasts - selecting the 1st, 2nd and 3rd in correct order are offered for all six runner or more races covered by BAGS/BEGS and selected evening meetings where the result and Tricast are declared in the Racing Post. Tote Tricasts are not accepted. A Tricast containing a non-runner will be settled as a Straight Forecast on the remaining selections in the order written and in the case of two non-runners, will be settled as a win single on the remaining selection. In the event of no Tricast being declared selections for 1st and 2nd place will be settled as Computer Straight Forecasts in the order written with the third selection disregarded. Tricasts are accepted for singles only.

Trap Challenge - Which trap will have the most wins? Bets are accepted at selected advertised meetings and at all BAGS/BEGS meetings. To win requires the selection of the trap number to win most races at the nominated meetings. In the event of two or more trap numbers winning the same highest number of races, dead heat rules will apply. In races where the result is a dead heat, each trap number involved will count as a winner. Bets stand irrespective of any non-runners, Void races, or abandoned meetings.

Greyhound Placer - The Placer operates on the first six and last six races at all BAGS/BEGS meetings. To win Greyhound Placer requires the selection of a placed greyhound (as defined by our Each Way terms) in all six races concerned. Bets are accepted for trap numbers or un-named favourites. In the event of a Non Runner where a trap number is nominated the selection is transferred to the reserve in that trap. Should a bet contain a non-runner that is not replaced by a reserve, or a named selection does not run the Favourite will be substituted.

Where there are joint favourites, the joint favourite with the lowest trap number will be taken. The Greyhound Placer operates at BAGS/BEGS meetings. If no SP's are returned in a race it will be deemed Void. Where a void race is re-run it counts as the original race time and selections will stand for the re-run race. Where a void race is not re-run that day the returns will be declared on the remaining races. In the event of a Dead-Heat, where an extra place is created, all placed selections will be treated equally irrespective of whether they are involved in the dead heat or not. Placer doubles and upward are not accepted.

FOOTBALL

MAXIMUM PAYOUT

The maximum amount that can be won by any one client in any one-day's business irrespective of the total stake is £50,000.

Fixed Odds

Should a match be brought forward, bets will only stand provided they are placed before the kick off. Selections placed after the kick off will be void unless it is an "In Running Match" Should a match

be re-arranged, bets would only stand if played on the following day, otherwise selections will be void.

If a match is abandoned before 90 minutes playing time has elapsed that match will be void (unless it is restaged the following day when that 90 minute score will govern settlement) Should a team play a different opposition to that on the coupon, or should a venue be reversed, forecasts for that match will be declared void. Should a match be changed from a home venue to a neutral one forecasts for that match will be declared void, unless the match is a FIFA/UEFA governed event (e.g. International match, UEFA cup, Champions league) when forecasts for that match will stand so long as it is played in the same country of origin.

90 minutes playing time + any injury time that is added at the end of 90 minutes play for stoppages will decide the result of all matches; Extra time does not count unless the market specifically states so.

If an accumulator is placed that includes a void selection the bet will stand on the remaining matches.

Bets are settled at accumulative odds, palpable errors excepted, at the prices advertised at the time the bet is accepted. All Prices are subject to fluctuation.

Bonuses and Consolations are offered on various individual Football Markets as advertised. They do not apply to Ante-Post betting, unless specified as a part of a special promotion.

CORRECT SCORES

Correct scores are accepted in singles, doubles, trebles and accumulators.

HALF-TIME FULL-TIME/DOUBLE RESULT BETS

Singles and upward are accepted. Clients must select both the result at half-time (45m) and at full-time (90m). Selections are void if a match is abandoned before 90 minutes playing time has been elapsed.

FIRST GOAL SCORER

Players taking no part or coming on after the first goal has been scored, stakes returned. Should a match be abandoned before 90 minutes playing time has elapsed First Goal scorer bets will stand provided a goal has been scored.

LAST GOAL SCORER

A player who plays in any part of the official 90 minutes is deemed a 'runner' for last goal scorer purposes. Stakes returned on selections that take no part. Should a match be abandoned before 90 minutes playing time has elapsed Last Goal scorer bets will be void.

EACH WAY GOAL SCORER

Players taking no part or coming on after the first goal has been scored, stakes returned. The place part of the bet will be settled at one third of the odds on all goals scored in the game. If a match finished goalless, both parts of the bet will be deemed losers. If a player scores two or more goals in a match, only the first goal scored counts for betting purposes. Place only bets are not permitted, and if accepted in error, the bet will be settled as 'each way' with the stake divided.

TO SCORE AT ANYTIME

A player who plays in any part of the official 90 minutes is deemed a 'runner' for score at anytime purposes. Stakes returned on selections that take no part.

FIRST PLAYER TO SCORE/CORRECT SCORE FORECASTS

First Player to Score/Correct Score Forecasts are accepted for any match where Correct Scores and First Player to Score betting is available. In cases where the selected 'First Player to Score' does not play, or comes on after the first goal has been scored, bets are settled as singles on the correct score. If a match is abandoned after a goal has been scored all bets will be settled as singles on the First Player to Score. For First Goal scorer purposes own goals do not count. The forecast is settled on the next goal scorer and the correct score. 'No Goal scorer' and 0-0 forecasts are not permitted; bets are settled on the correct score.
